

SAB ROOF ACCESSORIES

SAB-profiel supplies a range of roof accessories to finish your roofing project neatly and attractively. These include standard outer ridge flashings, inner ridge flashings, and verge flashings, as well as specially profiled ridge and gutter closures designed to fit the sinusoidal panel **SAB D SL** or the trapezoidal panel **SAB D TL**. This design protects the foam from birds and other animals. The ridge closures are also available in a perforated version for ventilation. The accessories are available in the same colours as the roof panels and in various sizes. When ordering, remember to specify whether you need a left-hand or right-hand installation direction.

- 1) Outer ridge flashing
- 2) Profiled ridge closure (SAB NA-SL or SAB NA-TL)
- 3) Profile filler
- 4) Inner ridge flashing
- 5) Verge flashing
- 6) Profiled gutter closure (SAB GA-SL or SAB GA-TL)
